Dr Axel Michaelowa's joins UNMAI Carbon Solutions Singapore as Global Strategic Advisory.

Singapore, 21 September 2026 — UNMAI Carbon Solutions Pte. Ltd., a Singapore-headquartered climate advisory and solutions firm, announced the appointment of Dr Axel Michaelowa as a Global Strategic Advisor and member of its Global Strategic Advisory Board.

Dr Michaelowa is an internationally recognised expert in climate policy and carbon markets, with more than three decades of experience working on international climate policy instruments and the UNFCCC process. He is a Senior Founding Partner of Perspectives Climate Group and Research Director at Perspectives Climate Research, and leads research on international climate policy at the University of Zurich. His work spans the design of carbon markets, domestic climate policy instruments, climate finance and the evolution of crediting mechanisms under the Kyoto Protocol and Paris Agreement. He has advised governments, international organisations and private institutions, and contributed to the Fourth and Fifth Assessment Reports of the Intergovernmental Panel on Climate Change.

His appointment strengthens UNMAI Carbon's work on high-integrity carbon markets, Article 6 readiness, climate finance, carbon market infrastructure and digital public goods for monitoring, reporting and verification and national carbon registries. Dr Michaelowa will provide strategic insight on Article 6 methodologies, market integrity, authorisation and safeguards.

"Dr Michaelowa brings a rare combination of rigorous research and practical experience in international climate negotiations and carbon market implementation," said Yuvaraj Dinesh Babu Nithyanandam, Founder & CEO of UNMAI Carbon Solutions. "His guidance will be valuable as we support governments and market participants in building credible frameworks that can mobilise climate finance at scale."

"I am pleased to join UNMAI Carbon's Global Strategic Advisory Board," said Dr Michaelowa. "Well-designed rules, credible methodologies and transparent infrastructure are essential to the effective operation of carbon markets. I look forward to supporting UNMAI's work on Article 6 readiness and high-integrity market development."
