

Press Release

EMBARGOED FOR RELEASE TILL 00:00 HRS, 13TH MAY 2026

Dr. Ajay Mathur joins UNMAI Carbon Solutions Singapore as Global Strategic Advisor

Singapore, 13th May 2026 — UNMAI Carbon Solutions Pte. Ltd., a Singapore-headquartered global climate advisory and solutions firm, today announced Dr. Ajay Mathur as its first Global Strategic Advisor to its Global Strategic Advisory Board.

Dr. Mathur currently serves as Professor of Practice at the School of Public Policy, Indian Institute of Technology Delhi, and is globally recognized as one of India's foremost leaders in clean energy, climate policy, and sustainable development. He previously served as Director General of the International Solar Alliance, where he advanced global cooperation on solar energy deployment, climate finance, and energy access across developing countries. Earlier, he led The Energy and Resources Institute (TERI), strengthening its global role in climate change research, energy transition, decarbonization, and sustainability policy advisory. Dr. Mathur also served as Director General of the Bureau of Energy Efficiency, Government of India, where he played a key role in shaping India's landmark energy efficiency and market-based transition programs, including the Perform, Achieve and Trade (PAT) mechanism. Over the course of his career, he has worked extensively with governments, multilateral institutions, industry, and international organizations on climate governance, clean energy systems, and low-carbon development pathways. His leadership reflects a unique combination of policy expertise, institutional governance, technical understanding, and international climate diplomacy. Dr. Mathur continues to contribute significantly to global sustainability discourse through academic engagement, strategic advisory roles, and international cooperation initiatives.

His appointment marks an important step in strengthening UNMAI Carbon's strategic leadership as the firm expands its work across high-integrity carbon markets, Article 6 readiness, climate finance, carbon market infrastructure, and digital infrastructure related to public good on dMRV and National Carbon Registry systems.

10, SIM LIM Tower, JALAN BESAR #10-10, Singapore 208787

“We are deeply privileged and excited to welcome Dr. Ajay Mathur to UNMAI Carbon Solutions, reflecting the caliber of globally respected leadership required to accelerate climate finance and strengthen high-integrity carbon markets,” said Yuvaraj Dinesh Babu Nithyanandam, Founder & CEO of UNMAI Carbon Solutions. “Dr. Mathur’s distinguished experience across climate policy, international cooperation, energy transition, and institutional leadership will bring exceptional strategic value to UNMAI Carbon’s mission of advancing trusted, transparent, and high integrity laden globally interoperable carbon market solutions, aligned with the evolving needs of the Paris Agreement era.”

“UNMAI Carbon’s strong emphasis on integrity, transparency, interoperability, and practical market architecture is closely aligned with the direction in which the global carbon markets ecosystem must evolve,” said Dr. Ajay Mathur. “I am pleased to join UNMAI Carbon as a Global Strategic Advisor and look forward to contribute towards advancing credible carbon market frameworks, strengthening climate finance ecosystems, and enhancing institutional readiness for impactful decarbonization and inclusive net zero transitions.”

Dr. Mathur’s association with UNMAI Carbon is expected to further reinforce the company’s focus on environmental integrity, institutional trust, and practical market architecture for scaling credible climate action.

About UNMAI Carbon Solutions

UNMAI Carbon Solutions Pte. Ltd. is a Singapore-headquartered global climate advisory and solutions firm engaged in unlocking high-integrity carbon markets. The firm is aligned across three core pillars: net zero transition and climate policy advisory, climate finance and investment strategy, and carbon market infrastructure and governance.

UNMAI Carbon Solutions supports governments, Bilateral & Multilateral Development Institutions and Banks, and carbon market stakeholders across Asia, Africa, the Middle East, and other regions on operationalization of domestic carbon mechanisms and Paris Agreement - Article 6, decarbonization advisory, climate finance, carbon advisory & trading solutions, and digital innovation.
